

IEEE Wireless, Antenna & Microwave Symposium WAMS 2024

29 Feb - 03 March 2024, Visakhapatnam, India

INVITATION TO SPONSORS & PROMOTORS

Wireless, Antenna and Microwave Symposium (WAMS) is planned as a multidisciplinary symposium held annually in an academic institute. It is focused on providing an affordable yet state-of-the-art international forum for students, and young professionals to interact with the leading domain experts around the world. The 3rd edition of WAMS (WAMS 2024) will be hosted at Raghu Engineering College, Visakhapatnam, AP, India. It is intended to provide a forum for sharing and exchanging information on the latest, cutting-edge research and scientific achievements in wireless, antennas, microwave engineering, and sciences along with establishing and strengthening professional networks. WAMS 2024 shall include a comprehensive range of technical sessions, keynotes, workshops, special sessions, student papers, poster sessions, and plenary sessions. The conference includes sessions on IEEE Young Professionals, Women in Engineering (WIE), and IEEE Student Activities. Many sponsors and exhibitors will be showcasing their products to the attendees and a host of awards and student travel grants will be given during the Symposium.

WAMS 2024 will be held in person and we expect about 400 attendees and about 350 technical papers presented in three tracks. The attendees include students, academicians, and industry professionals from India and abroad. Many opportunities are available for sponsors, exhibitors, and promoters including a special session where they can introduce and promote their companies, interact with attendees, and special recognition during the awards banquet. Please see various sponsorship and promotion opportunities described
